Re: Letter of Recommendation for Chapman Griffin Lanier Sussenbach Architects

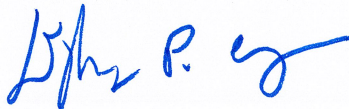

It is with great pleasure that I recommend Chapman Griffin Lanier Sussenbach Architects to your school district as a prospective architecture firm. We have worked with them for many years on multiple projects and they have consistently excelled and exceeded expectations on every level.

Currently, they are assigned our districts most challenging project at Riverwood International Charter School. This is a multi-phase and multi-year project with numerous design, building construction, phasing, and budget challenges. They are particularly skilled in the design and management of difficult projects and provide superb professional and construction management services. Their specific abilities associated with managing the small details is equally impressive. They are one of our strongest architectural firms.

As other difficult and challenging projects come up in our district, I would not hesitate to assign Chapman Griffin Lanier Sussenbach as the architect.

Sincerely,

FULTON COUNTY SCHOOLS

Douglas P. Carey, RA, NCARB
Director of Capital Improvements
